

## Successful AEO-Certificate-prolongation for BÖHLER PROFIL

Quality management and its realization are of high importance to BÖHLER PROFIL. This is shown by the number of certificates BÖHLER PROFIL has already been awarded with, inter alia the AEO-Certificate.

For clarification:

Since 1 July 2008, companies within the EU as well as in certain third countries are allowed to apply for an AEO (Authorised Economic Operator) status *either to have easier access to customs simplifications or to be in a more favourable position to comply with the new security requirements... economic operators have to submit pre-arrival and pre-departure information on goods entering or leaving the EU. The security type of AEO certificate and the combined one allow their holders to benefit from facilitations with regard to the new customs controls relating to security.* (acc. to European Commission) For detailed information please take a look at: [http://ec.europa.eu/taxation\\_customs/common/faq/faq\\_3227\\_en.htm#1](http://ec.europa.eu/taxation_customs/common/faq/faq_3227_en.htm#1)

BÖHLER PROFIL received this certificate in the year 2009 for the first time. This year the company underwent another audit in order to prove

that it is still "AEO-suitable". Although the validity of AEO-certificates is not limited to a certain time period it has to be proved that the conditions and criteria are still met. BÖHLER PROFIL successfully managed the fulfilment of those and the whole

audit under the supervision of Petra Kaßberger.

You can find more details about other certificates and accreditations of BÖHLER PROFIL under: <http://www.bohler-profil.com/english/1788.php>
